Your route to new experiences. The HTC Touch Cruise™

No matter where you are, the HTC Touch Cruise helps you navigate seamlessly through your life. With all the functionality you require in a fully featured phone, the HTC Touch Cruise has all you need from a PDA and more, with inbuilt GPS navigation and TomTom software.

By putting your fingertips firmly in control, you can quickly set your route using the unique touch screen. With both landscape and portrait views supported, you can view the route information in a way that best suits you.

Glide your fingers across the screen and the innovative TouchFLO™ interface responds to your every movement. Effortlessly scroll through your calls, emails, messages, music, images and more.

With worldwide high speed connectivity options and instant status updates for email, calendar, messages and missed calls, it's easy to stay in touch with friends and family.

Navigate your way through a world of new experiences. The HTC Touch Cruise.
